

INTRODUCTION FOR TINA HALLIS

Tina Hallis is a professional speaker and consultant who spent more than 20 years as a scientist in the biotechnology field. More recently, she discovered a new and exciting science called Positive Psychology, which focuses on how we can all live our best life. Tina was so fascinated by this science, she decided to hang up her lab coat, and start her own company, The Positive Edge, so she could bring this life-changing information into organizations. This not only makes work more enjoyable, it makes organizations more successful. So get ready to challenge and shift the way you think about your work and your life and create a better reality.

Please help me welcome our speaker – Tina Hallis.
